Type: House

Ross Sorbello

A Tropical Oasis \$418K

Website Calling all gardeners! Check out this newly listed property just north of Tully Nth Qld along the Bruce Highway.

This acreage property (aprox 4,588m²) consists of a 3 bedroom ,1 bathroom high set, cladded, timber constructed home. Under the house is closed in allowing for extra storage or entertainment. With 2 toilets, one downstairs in the closed in underneath area, and one upstairs close to the bathroom and laundry.

To the side of the dwelling is a large high shed suitable to store a minimum of ten vehicles, or boats, and caravans etc plus room for a workshop as well and another small shed at the back.

This property has beautiful established gardens and would suit any avid gardener. The house upstairs is freshly painted with a modern bathroom and kitchen and is fully air conditioned. The lounge/dining area is spacious with a sliding door to the side leading onto a private patio to the east, for a cool space on those hot summer afternoons. The owner has added a veranda to the west to allow easy access to the western side of the house upstairs for cleaning exterior walls and windows.

There is also a large patio upstairs at the back door and also has a clothes hoist for the laundry nearby.

The boundary of the block is defined by the tree line and many small interesting gardens make it a haven for plant lovers.

This property would make a comfortable place close to town with beautiful mountain views in a rural setting.
