This four-bedroom brick home enjoys an elevated position with outlooks toward farmland from the front alfresco and rear verandah areas. Set on a 717m² block the home offers solid timber flooring throughout, ducted cooling/heating for year-round comfort and plenty of space at the rear for children and pets. This established home is in original solid condition and while there is scope for some modernisation, the house would be ready and comfortable for you to move in now. The room dimensions are generous and the home is spacious with plenty of natural light. The large living space connects through to a separate dining area and then through to the kitchen. Timber flooring and large windows enhance the feeling of space and there is a sliding door from the kitchen area out to the rear verandah that runs the length of the home. The expansive main bedroom has an ensuite and built-in wardrobes while the further three bedrooms also offer built-in wardrobes and are well-sized. The main bathroom has a bath and separate shower and there is a separate toilet. An internal staircase provides access to the lower level which has an oversized garage with third bathroom and separate laundry with direct access to the rear garden. Buyers looking for a spacious family home with the option to undertake some updates will enjoy all that this property offers.
