This entry level home is as solid as the day it was built and is in a very handy location. Sitting on a concrete slab and offering larger than usual sized rooms, it also has an impressive 664sqm (approx.) of land, ensuring the future growth and potential will be protected and enhanced. Perched in a quiet court, there is also a walkway in the bowl of the court that gives easy access to a multitude of facilities. These include a park, neighbourhood centre, playground, and all in close proximity to Beckley Park Market and Greyhound Racing Club. It is only a short run up to the ring road, meaning a very easy roll up the road to Melbourne for work or fun. The home is neat and tidy but fairly original, so would definitely lend itself to a bit of a spruce up if needed, but would be easy to let out as is (current renter keen to stay if required). A large steel garage off the side drive completes this desirable property. Affordable, neat and convenient.
