\$250,000

Situated in the town centre area just a stroll to the wharf precinct, general store and post office, this 1950's gem is liveable as is, or could be renovated or detonated! The shack itself comprises a spacious living area with combustion heater and each of the two double size bedrooms also has a reverse cycle split system air conditioner. The property also has an old storage shed at the rear plus a modern double colourbond shed at the front. There is also vehicle storage along the driveway which runs along the eastern boundary.
