Potential on Prell!

This home is a rare find, offering the ideal canvas to create your forever family home in one of Canberra's most desirable neighbourhoods.

Nestled in a quiet cul-de-sac within the ever-popular and tightly held suburb of Hackett, this privately built home is the perfect blend of move-in-ready comfort and untapped potential. Designed to grow with your family, this home offers a solid foundation for creating lasting memories. Constructed from the iconic Canberra Red Brick, it proudly sits on a generous 831sqm block, offering ample space both inside and out.

As you step inside, you're welcomed by a spacious entry hall—a rare feature in Inner North 3-bedroom homes. The charm of polished timber floors immediately sets a warm tone, while a wall of floor-to-ceiling windows in the living room bathes the space in natural light. A cozy open fireplace invites you to gather on chilly winter nights, and with ducted evaporative cooling and ducted gas heating, comfort is assured throughout the year.

All three bedrooms are generously sized, each with built-in robes to accommodate your growing family's needs. The renovated bathroom adds a touch of elegance with its beautiful clawfoot bath and separate shower, while the neatly segregated toilet offers added convenience. The kitchen, though retaining its original character, presents an exciting opportunity for modernization and is perfectly positioned to overlook the backyard, making it easy to keep an eye on children playing outside.

The expansive backyard is a true family haven. A paved area is perfect for outdoor entertaining, while the lawn provides plenty of room for kids and pets to run freely. In the rear corner, you'll find raised vegetable gardens, offering a fun and rewarding project for those with a green thumb.

Ideally located near ovals, playgrounds, and the local Hackett Shops, this peaceful setting places you just minutes from the renowned Dickson Centre and the vibrant Braddon dining precinct.

At a glance;
