\$450.00 PER WEEK

Nestled in a quiet corner of town is this charming rental home for those seeking comfort and convenience. This delightful abode boasts three cozy bedrooms each with their own robes, and carpet flooring. Two bright and airy bathrooms, including a full bath and two toilets. Stepping into the spacious living area with its natural light a perfect spot for family gatherings or quiet evenings curled up with a good book. Split system provides comfort of heating cooling all year round. The heart of the home, the kitchen, gleams with modernity, featuring electric cooking appliances and island bench. A front undercover alcove area which has enough room for outdoor cooking or space for table and chairs to enjoy that morning coffee. The property was not just a haven indoors but extended its charm outdoors with a remote single shed, providing ample storage for tools and treasures. While almost fully fenced, there remained a small section between the house and shed, where tenants could personalize their privacy with a touch of their own.
