PROMINENT CORNER BLOCK

This Spacious weather board family home will impress on any inspection. Featuring 3 double bedrooms(2 with BIR's), large light filled lounge, country style kitchen with ample cupboards and bench space, combined bathroom and laundry and 2 split system A/C's. In 2022 the current owner rewired the property including a new switch board, replaced the hot water service with a heat pump and installed a 6.6kw solar system which has her constantly in credit.

Outside there is a single carport, single garage with a concrete floor, vehicle access into the back yard off Market street, garden shed and a native garden being established. The old laundry was also turned into a handy storage room and there is also the convenience of a 2nd toilet. The property is only a short walk to the main street shops.

The home is currently being repainted so the photos will be updated as the painters work their way around the house.
