\$800,000 - \$850,000

Desirably nestled right at the rear of its sought after complex, the coveted position of this inviting single level residence means only natural light, native bushland and Newport Lakes Reserve lie beyond the back fence. Such a beautiful context complements instantly appealing spaces including a living/dining domain where bamboo floors flow to paved outdoor dimensions, perfect for appreciating the northern sun and the sense of sanctuary that defines this address. The stone benches and stainless steel appliances of the open-plan kitchen add their own appeal while three bedrooms and two bathrooms include a main bedroom with an ensuite and its own access to the garden backdrop. Arrived at along quiet Dawson Road, further enhanced by the presence of solar panels and the flexibility of the secure, sky-lit garage to function as a home office if so desired, this charming property is surrounded by a generous allotment and offers ideal proximity to Williamstown beach, cafes, restaurants and shopping. An oasis, with bright light, birdsong, walking trails and a relationship with nature, yet only a quick, convenient commute to town on trains from Newport station.
