Sublime tropical retreat in sought after Smithfield

This blissful oasis promises a tranquil lifestyle, where gently moving in time with lush rainforest surrounds will become second nature. Set high on an elevated 1077m² block with manicured front gardens contrasting perfectly with the raw natural beauty of the Flinders Crescent Reserve at the rear, this property lingers amongst a tropical tapestry. With a backdrop of the majestic Macalister Range and just minutes to the Northern Beaches, you'll discover a restful sanctuary here where the world simply melts away.

Step up to the striking front door, a custom piece by Elefantus Cairns, the design element echoed throughout within pressed glasswork. Designer lighting by Phillip Stark enhances welcoming interiors and banks of louvres capture breezes from every direction. An intelligent floorplan with separate living and sleeping zones sets the tone for harmonious family living. Gather in the lounge, move to the elevated dining space or create a feast in the kitchen, a sophisticated culinary hub appointed with quality appliances and soft close cabinetry. Four bedrooms also grace the layout and two beautiful bathrooms, one an ensuite to the master, provide a touch of every luxury.

The ambience here is one of peace, privacy and a feeling that you're far removed from the bustle of everyday living. This home spoils you with a multitude of private outdoor living spaces, the hardest choice to make is where to relax and rejuvenate. Sit awhile on the front verandah for refreshing breezes and treetop vistas. Enjoy poolside drinks, take the plunge to soak your cares away or head to a fabulous covered entertaining area, ideal for lazy Sunday brunches or special celebrations.
