Character and Convenience in Top School Catchment

Nestled just moments away from the esteemed Kambrya College, Brentwood Park Primary School, Eden Rise Village, and the M1 Freeway, this charming three-bedroom home offers character and convenience in abundance.

As you step inside, a stunning sunken lounge greets you, setting a warm and inviting tone with its plush brand new carpet underfoot, cozy fireplace and all the gorgeous natural light from its Northern-oriented position. The front-facing master suite too enjoys serene garden views and offers the home's primary occupants a generous walk-in robe and easy access to a tasteful main bathroom, complete with a bathtub, separate WC, and vanity.

The open-plan second living space includes a dining zone and is overlooked by the beautifully appointed wrap-around kitchen with quality appliances, including an electric cooktop, brand-new stainless-steel oven and generous storage opportunities in striking timber Shaker-profile cabinetry.

Two additional bedrooms are thoughtfully positioned in the rear wing of the home, each offering ample storage, while a large laundry with linen press, outdoor access and an additional toilet add to the home's practicality.

Outside, you'll find delightful greenery for the family to enjoy and secure off-street parking within a garden-lined concrete area offering both practicality and privacy. With features such as side gate access, split system heating and cooling, and double roller block out blinds, this home is a perfect blend of warmth, character, and modern convenience, making it an ideal choice for downsizers, first home buyers and investors alike.

Photo I.D. is required at all open inspections.
