Welcome to "Ollera", a stunning traditional timber Queenslander, circa early 1900's. Constructed from timber available in the local area at the time, "Ollera" features Ironbark stumps, Teak floorboards, hardwood timber ceilings and Hoop Pine VJ walls with Red Cedar door frames. Restored within the last few years, the home is bright and airy with lots of light and is ready to be called home for the next family. The spacious home has three large bedrooms, a sunroom, separate lounge and dining areas, 11 ft ceilings, breezeways, stunning polished timber floors, VJ timber walls and a generous front verandah. Indicative of the era, the verandah is adorned with decorative Small Clover Lacework that is continued through the balustrade. For those that love the heritage of these homes, the kitchen houses a delight! The original Wood Stanely, Waterford stove, made in Ireland, is a feature and is in beautiful condition. What a treat to be able to use a stove with so much history. There is also an upright electric stove available. If the original stove was not special enough, this home has another unique feature. There is a lift built into the center of the home which makes access easy for those with limited mobility. There is also a wheelchair friendly bathroom downstairs. Located walking distance to Murwillumbah town centre and situated on a 784m² corner block, there is plenty of room for further improvements. The rear yard features a majestic mango tree, garden shed and plenty of room for a veggie garden. Discover your community Murwillumbah is the gateway to the Tweed Region's most beautiful natural attractions, take your pick from a walk in the hinterland, a dip in a waterhole or a drive to the beach.
