MULTI GENERATIONAL LIVING

Located at 7 Ankana Crescent, Goonellabah, this property is a rare gem that offers a diverse range of features and caters to a wide variety of buyers.

This immaculate home boasts two distinct living spaces that can be easily combined to create a single large home or left as is, making it an ideal choice for multi generational families.

Upstairs, the home features three spacious bedrooms, including a master bedroom with a walk-in wardrobe, en-suite, remote ceiling fan, reverse-cycle air conditioning and access to the home's deck overlooking the reserve behind. The other two bedrooms have remote ceiling fans and built-in wardrobes. A spacious formal lounge room with reverse-cycle air conditioning provides a separate space for entertaining the family. The kitchen opens onto the oversized dining room, which offers ample space for a second sitting or living area.

The lower level of the home features another three impressive bedrooms, an open-plan rumpus area that flows onto a private patio overlooking the rear yard, a separate bathroom and laundry. A double carport at the front of the block and driveway down the side, which could accommodate additional carports or sheds for off-street parking, under-house storage for garden equipment and tools and beautifully manicured gardens that require minimal maintenance complete this impressive package.
