This property ticks all of the boxes! It is a good size flat block of 577m² in a quiet street close to the Russell Island town centre. A pretty lowset house on stumps with verandah out the front and another out the back overlooking the back garden.

The well-appointed U-shaped kitchen has a gas cook top, electric oven, and lots of storage. A modern bathroom completes this family home with a separate toilet next to the laundry. A carport on the side off house leads to a 9m x 6m shed that is extra high, insulated & powered. with 2 roller doors on a concrete slab.

This is a well presented home and is priced to sell. A bonus opportunity is the chance to purchase the adjoining 577m² block of land.
