Offers Invited

A rare opportunity presents to own this one-of-a-kind custom built Old Broome family home. Offers invited. This private and spacious property with local charm is an eye-catcher. Sprawling across a whopping 2414m² of land; it is just a stone's throw from the revitalised Town Beach precinct. Within the Kimberley-sourced stone walls (skillfully crafted by master stonemason Ron Dearing) lies unique grandeur and old Broome charm, including high raked ceilings and South African sought slate floors. The main house boasts three huge (5x5.2 m) bedrooms, a separate study (or fourth bedroom), open plan living dining room, a second living area and practically arranged kitchen. The floor plan affords the home owner endless options of spaces to work, rest and play. Step outside and enjoy the private, mature, meandering garden; and of course, the huge swimming pool to enjoy summer with family and friends. Included on the fully fenced corner block is a double carport, shed and caretakers cottage. This simple, yet comfortable, one bedroom cottage provides numerous opportunities for a caretaker, workshop, studio or teenager's retreat. Options galore here on Walcott street! For an esteemed purchase in the heart of Broome, call Andrew Blackley to take a tour of this lovely Old Broome home. The space alone will astound you! 0409 113 358
