Charming Family Home with Ample Space and Contemporary Updates

Discover the perfect blend of space and comfort in this inviting family home, set on a generous 603sqm (approx.) allotment. Located north of the Grand Prix track and central to all that Phillip Island has to offer, the home boasts three well-sized bedrooms, the master suite featuring a built-in robe and private ensuite, offering a peaceful retreat.

The large family bathroom caters to the needs of the household, while the versatile floor plan includes two spacious living areas, as well as an office or third living space with convenient separate access.

The kitchen is both functional and stylish, featuring a gas upright oven, dishwasher, and durable laminate benchtops. Original floorboards bring charm to the home, while the upstairs living area and master bedroom is carpeted providing added comfort. For entertainment, an under-stairs bar adds a unique touch, perfect for hosting friends and family.

Upstairs, the expansive living area opens through sliding doors to a large undercover deck, ideal for relaxing or alfresco dining. A front-side deck and a backyard gazebo extend the outdoor living options, offering multiple spaces to unwind.

Brand new split system heating and cooling units have been installed both upstairs and downstairs, ensuring comfort throughout the seasons. The home also includes a separate laundry, a garden shed for additional storage, and a single carport for secure parking.

With its spacious layout and thoughtful updates, this home offers the perfect canvas for comfortable family living.
