Expressions of Interest

This two bedroom & one bathroom beach house on an 800sqm block is the epitome of the ultimate in memorable holidays in Cervantes. Considered to be one of the first houses to be located in the seaside town, over the years there has been such fun with stories of the best fishing escapades & beach activities a family could ever wish for. Whilst the house is small it accommodates for the overflow & it's a roof over your heads while you enjoy what Cervantes has to offer. Open plan kitchen / dining thru to a lounge in the middle of the house, separate toilet, shower & laundry at one end of the house & the two bedrooms at the other end..... works perfectly. Boasting an enclosed shed at the rear of the property which leaves plenty of room for the front & back lawned areas for parking. Walking distance to the beach, shops, Tavern & Community Centre, simply park your vehicle & unwind to your hearts content. Purchase 'AS IS" View by appointment
