This fabulous four bedroom hideaway home on Milham Crescent backs onto the bush and features majestic forest views. The living areas consist of a separate lounge and dining, as well as a casual meals area. The kitchen, whilst not new, offers good bench space and plenty of cupboards. Four bedrooms in total - two of the bedrooms feature an ensuite bathroom (just one of these includes a shower), there is also a main bathroom and an internal laundry. There's an abundance of built-in storage, and, paying homage to the Seventies, there's also a fabulous rumpus bar! Set off the road, access to the home is down a number of stairs, so it's not for everyone, but those who don't mind a little walk to their front door are in for a real treat!
