Set in the heart of an acclaimed suburb of Toowoomba, this 1970s brick and tile residence has been transformed to a modern era by the recent renovations which include a new kitchen with stainless steel appliances, two new bathrooms, new flooring and internal paint. The home is particularly convenient, within walking distance to East-side schools, St Vincent's medical precinct, local cafes and Mackenzie Row shopping village. The two-street frontage allows for easy access to the private eastern rear garden with plenty of room for an extension or in-ground pool. Invest in position and potential and secure your future.
