An enchanting hinterland hideaway close to all amenities

Delivering a striking sense of seclusion just metres from Red Hill Consolidated School and boutique shops and cafes, this newly renovated home offers an idyllic permanent or weekend retreat.

Nestled in tranquil bushland environs beneath a canopy of towering gums on an impressive 2789 sqm approx. a thoughtful renovation harmoniously blends fashion and function, highlighted by verdant vistas at every turn.

Honey timber hued floors add light and space to a generously proportioned living area, where a soothing, neutral palette is warmed by a wood combustion fireplace and split system heating and cooling. In contrast, a modern farmhouse kitchen stuns in dramatic monochromatic tones, and offers a suite of quality appliances including an integrated dishwasher, induction cooktop and Fisher and Paykel oven.

Multiple sliding doors adorn both the living area and master bedroom, cleverly conjuring abundant natural light, while promoting a seamless connection to inviting outdoor entertaining options and ensuring ultimate enjoyment of the peaceful, private surrounds.

Ideally accommodating for family and friends with four bedrooms and a stylish bathroom plus second WC, this alluring property also offers a charming separate studio, home office or guest accommodation, complete with a sleek ensuite and covered veranda overlooking the lush garden surrounds..

With a double carport, storage shed, ample water storage and wall panel heaters further contributing to its excellent amenity, this quintessential hinterland home is also in perfect proximity to renowned restaurants, wineries and a myriad of local attractions, its low maintenance foundation offering equal appeal as a permanent or part time prospect.
