Captivating on Camellia

Located at the end of a quite cul de sac, this elevated 4 bedroom home provides panoramic views across Queanbeyan.

The home offers a wide formal entry that extends to the large open plan lounge and dining area, again with stunning views to the city beyond.

Upon entry you will be impressed with the light and bright living areas that flow to the external timber decks through full length glass sliding doors. Updated Flooring throughout and a trendy stainless steel kitchen with loads of storage space flows to a quaint meals area that's drenched in summer rays.

Split level in design, upstairs you'll find 4 spacious bedrooms, a large main bathroom that features a spa, and a master bedroom with renovated en suite.

The huge timber and stainless steel deck encapsulates the stunning views with the added bonus of a large durable stainless steel outdoor kitchen to complete the picture.

The double garage which fronts the street adds privacy to this home and has ample off street parking for the visitors as well. Certainly worthy of your inspection as it offers something a little different in the heights of Queanbeyan.
