A Regal Family Abode Overlooking Bankstown's City

This palatial residence is one of the finest homes that Bankstown has to offer. Boasting grand proportions, the commanding façade of this property dominates the street and draws eyes as it pays homage to its impressive Spanish design. Standing tall on the high side of the street, the build combines a double brick frame with two concrete slabs making the dwelling's bones just as impressive as its face.

On Offer

- Recently renovated throughout, including a brand-new kitchen
- Marble flooring downstairs, timber/carpeted flooring upstairs
- Multiple living/dining/entertaining spaces
- Five oversized bedrooms, the master including a walk-in wardrobe and en-suite
- Rare outlooks over the City of Bankstown

Situated on 681m² of clear land and walking distance back into Central Bankstown shops, transportation, education and amenities. This is a rare offering to the market and your opportunity to secure a blue-ribbon home in a growing neighbourhood.
