Executive excellence with family dimensions

A haven of architectural luxury, this smart and sophisticated residence promotes flair, functionality, and finesse among the historic homes and countless conveniences of vibrant central Richmond. With outstanding proportions and a calming light court accentuating a sense of space and calm, a sumptuous lower level sees two considerable bedrooms accompanied by a stylish bathroom and rear courtyard, while a dressing room, chic ensuite, broad balcony, and soaring, raked ceiling enhance a middle level master. Unrivalled as a summertime entertainer, scenic terraces adjoin a top floor retreat and middle living/dining, with social occasions handily served by a superb kitchen featuring sleek stone benches, Franke appliances, and a substantial walk in pantry. Lavishly adorned across its executive expanse, highlights include impressive storage, timber floors, a gas fire to living, video intercom, security entry, large laundry, powder room, and two car stacker garage. Seconds from ever fashionable Bridge Road, it's metres from Swan Street, Richmond Traders, Gleadell Street Market, Citizens Park, and revered schools, while trams ensure rapid access to Chapel Street, the MCG, and city centre.
