Spectacularly capturing the essence of luxurious lifestyle living with practicality for the modern family, this glamorous entertainer offers a refined acre living experience in one of Melbourne's most prestigious neighbourhoods. Unfolding in breathtaking fashion on a private and peaceful 4,682sqm (approx.) resort-inspired playground, this fully renovated architecturally-designed masterpiece achieves palatial proportions on a remarkable scale with its vast collection of living spaces for entertaining and countless options for recreation and relaxation. A magnificent entrance foyer styled with a captivating Murano chandelier sets the tone for the lavish nature inside this exquisite residence, which introduces a large carpeted lounge and deluxe home office before arriving at a chic open-plan living domain that excels at functioning as the everyday communal hub it's designed to be. A sleek feature island bench with waterfall stone benchtops is the face of the entertainer's kitchen, enhanced with high-quality appliances, plentiful storage and an equally impressive Butler's pantry. The close proximity of the nearby retreat also presents an ideal place for children to play while you prepare meals, keeping them close at hand while not underfoot. The home's resort-inspired entertaining credentials are accentuated by the presence of a private theatre room, in-ground swimming pool with spa, tennis court and brilliant poolside cabana built for year-round entertaining on a grand and glorious scale. When darkness begins to fall during your soirees, throw some logs into the fire pit, take a seat along the curved lounge area and swap stories with friends beneath a blanket of stars. While this home is certainly big on entertaining, it's also practical for everyday living with each of the four double bedrooms (oversized main with walk-in robe, renovated ensuite and balcony) conveniently zoned in privacy upstairs, along with a hotel-style family bathroom that's crafted with a frameless double shower, chic vanity and circular soaker bath. Deserving of its place among the elite of Templestowe, this feature-packed lifestyle upgrade boasts soaring ceilings, cellar, fourth bathroom downstairs, split-system heating/cooling, abundant storage, plenty of off-street parking space, mud room and more. Conveniently located within moments of transport, schools, parks, The Pines Shopping Centre, Templestowe Village and the Eastern Freeway.
