A truly unique home full of character and charm set on 743 m² of land that offers so much for a large family looking to occupy and enjoy. The property is also ripe for redevelopment with a 15.24 m frontage, located on the high side of the street and a clear block of land with no easements, making it the ideal duplex site (S.T.C.A). The home has been beautifully renovated and extended from it's original condition by the owner/architect in the early 1980's. The design included a high pitched cathedral style ceilings featuring Oregon timber, radiata pine, lead light windows and open plan living area with French doors that open to landscaped gardens and inground pool area. The property is set in a quiet street lined street that is within close walking distance to Hurstville's schools, shops and station. Property features:

- Multiple living areas with formal lounge, dining, upstairs loft and parents retreat
- Country style kitchen with Italian granite bench tops and gas cooking
- Original kauri pine floor boards and stegbar double hung windows
- Original fire place in the dining area and custom made lead light windows
- Large outdoor undercover entertaining area that flows from indoor living room
- Balinese hut that sits besides the natural free form pool with cave and waterfall feature
- Wide side access for multiple vehicles to oversized lockup garage

Land dimensions 15.24 x 48.77 = 743 m²
