TINY HOME - REDUCE YOUR FOOT PRINT

This 1 bed tiny home is an ideal getaway or permanent residence with sustainability and a reduced foot print in mind.

The home has a full sized kitchen with stone benchtops, upper and lower cabinets an open plan living / dining and a small bedroom flowing through to a full sized bathroom with shower, toilet and laundry.

The lounge area opens to a deck and an enclosed country cottage style yard with shed.

The bedroom opens to a deck with a roof and retractable blinds, a Japanese bath and provides additional living space.

Situated on a 1625 m2 block with shade sail and direct access to the South Gippsland Rail Trail to the rear.

You could close in the patio, add a 2nd story or extend the home if you require more indoor space (STCA).

Carport attached to the home for undercover parking or an additional external entertainment area.

Contact our office to arrange a private inspection.
