This elevated double-fronted family home is in a sought after location being close to both the local primary and secondary schools with public transport close by and parklands across the road to kick the ball around. With two separate living areas, large master bedroom with walk in robe and ensuite, the remaining three bedrooms towards the rear of the home are serviced by the central family bathroom with separate toilet. Open plan kitchen with ample cupboard/bench space and breakfast bar overlooks the expansive meals area that flows through to another living area. Access the large rear yard from the meals area and rear lounge, this is a great space for the family to run and play safely being fully enclosed. Freshly painted throughout with brand new carpets and blinds, other features include dishwasher, gas ducted heating, split system cooling for year round comfort plus double lock up remote garage with rear door access. Be quick to inspect as homes like this one do not last long.
