Extensive family space, style & quality on the park

For Sale by Expressions of Interest

Views overlooking parkland and a north-facing rear garden create a sought-after lifestyle setting for this superbly renovated and extended, double-fronted family residence. Directly opposite the green expanses of All Nations Park, this large-proportioned 3 bedroom, 2.5 bathroom, 2 living Victorian runs deep throughout a double-glazed, single-storey interior combining a wealth of period and contemporary features. Natural light floods the high-ceiling spaces of an extensive layout starting with a traditional series of 2 park-view bedrooms including a beautiful main suite opening to a walk-in robe and sensational designer ensuite (heated towel rails, smart mirrors, frameless-glass shower). A central lounge room and alfresco deck provide a relaxed indoor-outdoor retreat before a third bedroom (built-in robes), powder room and stylish heated-floor family bathroom with a separate laundry area. Oriented north, wide polished stringybark floorboards line a huge family dining and living room that's perfectly positioned beside a spacious gourmet kitchen featuring stainless-steel appliances (dual ovens and dishwashers), soft-close drawers and ergonomic stone benchtops. Bi-folding and double-doors both open to an undercover timber deck amidst sun-drenched landscaped garden offering room to move for active kids and a wonderfully private place to entertain. Also includes a storeroom, split-system heating/cooling, Nobo panels, open fireplaces, ceiling fans, new carpets and side ramp access. Northcote High and Wales Street Primary schools' zoned, this impressive family home on the park presents a unique opportunity a matter of merely footsteps to High Street cafes and restaurants, Northcote Plaza shopping centre, trams, train station, all-new aquatic/recreation centre and walking trails.
