HOME SWEET HOME

This lovely double storey 3x2 Chalet style home is reminiscent of homes on the ski slopes; indeed, it looks like it has been plucked from an Alpine village. Bursting with charm and character, this low maintenance home has plenty to delight and seduce you. Or is it the perfect easy care investment property?

Enter into a lovely hall, the downstairs includes a spacious bright family lounge and dining room with a delightful bay window and one side and large bright sliding doors on the other. A lovely modern kitchen, with stone bench tops, plenty of cupboard space, S/S appliances including 900m gas cook top and rangehood, all with that charming country feeling. From the living area glass sliding doors lead out onto a lovely alfresco patio and pretty, private enclosed garden, ideal for the kids and dogs to play.

Also, downstairs is a generous master bedroom again with a delightful bright bay window, built in robes, a modern ensuite bathroom again with stone bench tops, plus a separate powder room. Lastly that all important laundry with direct access outside

Upstairs has a deceiving amount of space and storage, with lots of light and enchanting Alpine windows to add to the charm. There is a spacious parents retreat/theatre room to curl up and enjoy in the evenings. Add to this a huge, delightful 2nd king sized master bedroom and a 3rd big bedroom with plenty of space for a queen-sized bed and desk or is it the perfect work from home space - you decide? There is also a neat 2nd bathroom that ensures you have everything you want and need on both levels.

And what a wonderful location, a stone's throw to the lovely Blue Lake Park, Currambine train station and bus route with the school and shops just a couple of minutes further.

EXTRA FEATURES
