Idyllic Luxurious Family Living on 979m² (Approx.)

Soaring ceilings and contemporary design exemplify modernity and spaciousness in this splendid Quantum Homes custom build. Featuring four oversized bedrooms plus a study, multiple living and entertaining spaces, seemingly endless storage space and a cutting-edge gourmet kitchen, this delightful family home sits lavishly among a quiet court on 979m² (approx.) in a peaceful, family-friendly pocket of Gisborne.

A separate lounge and home theatre are complemented by spectacular open-plan kitchen, meals, and family areas, introduced by the illustrious entry hall with a lofty square-set ceiling. Feature lighting and raised ceilings throughout highlight the immensity of the living spaces, which also offers a gas log fireplace, and has two sets of glass doors converging to the alfresco featuring 60cm tiles to the floor, downlights, an exterior fan, retractable bistro blinds, wood-fuelled fireplace and plumbed gas for a BBQ.

Magnificence emanates from the kitchen, fitted with stone-topped surfaces, a generous L-shaped island with breakfast bar and dual undermount sinks, soft close cabinetry and drawers, and a 90cm wide oven with 5-zone cooktop, all complimented by a huge fully fitted butler's pantry also stone-surfaced, with an additional oven, dual sinks, and a dishwasher.

Accommodation is indulgent and practical, with the main suite boasting a dual built-in robe, walk-in robe, and deluxe ensuite with a twin vanity and double recessed shower. The remaining three bedrooms are all king-sized, fitted with built-in robes, and serviced by an ample main bathroom and a powder room, which - as in the ensuite - are graciously appointed with stone surfaces.

A massive integrated triple garage contains a rear roller door to a side driveway accessing the 7m x 7.5m powered, concreted shed with a double roller door, lighting, a TV antenna and workshop area. Externally, the rear yard hosts a lovely garden with plenty of room for kids to play, and concrete walkways which stylishly encircle the house. This exorbitant home also features a large study with inbuilt desks, spacious internal laundry, double glazing throughout the house, ducted heating and evaporative cooling, an alarm system, and fantastic storage including a dedicated storage room.

With beautiful views of Australiana and Mt Macedon out the front, this superb family home is within walking distance of Willowbank Playground, Willowbank Primary School, and several parks, and is a short drive from Gisborne township containing shops, cafes, restaurants, and aquatic centre. Furthermore, excellent freeway access puts this home less than an hour from Melbourne city. Tranquil, stylish convenience.
