Set in the popular Strathdale area on the border of Kennington, is this large 3-bedroom home fit for the family. Through the front door, a hallway leads you past all bedrooms, the bathroom and wraps right around bringing you back to the open lounge space. The lounge area sits at the front of the property with large open windows welcoming plenty of natural light as well as offering views of the front garden. Ducted heating and cooling is complimented by a ceiling fan for comfort in any weather. The long, updated kitchen has space for a dining table and comes included with timber style cabinets, a gas cook top, oven and dishwasher. All 3 bedrooms have built in robes included as well as ducted heating and cooling, while the master bedroom has extra storage space, ceiling fan and a bright outlook. The main bathroom features a bath, shower, large single vanity with storage and toilet. The front garden of the property has screening trees along the footpath, providing safety and privacy to the home. While the fully enclosed back garden has a single lockable garage with workshop and extra shedding at the rear. Plenty of shady trees and bushes cover the grassed yard, offering a cool retreat for the summer heat. Perfectly located, just a 3 minute walk to Strathdale Park, with Kennington Reservoir and Strath Village amenities close by for easy living.
