\$430,000 - \$473,000

Offering a lifestyle of privacy and set on a 4457m² allotment, this tasteful home allows you to enjoy the tranquillity of a semi-rural location but with the advantage of being only minutes away from the thriving centre of the Irymple shopping hub. The home has three bedrooms, two of which contain built-in robes, and a neat central bathroom, it is a true country home that would suit a young family or those looking to scale down and enjoy the serenity. The large allotment allows the purchaser to essentially have a blank canvas, build sheds for a tradie zone, have a massive garden or veggie patch, or room for the horses. Inspections welcome.
