Peace and serenity.

Here is an opportunity - A striking transformation from top to bottom, surrounded by established trees and gardens and set on 1.3 acres it offers absolute peace and serenity.

Freshly painted both inside and out, newly polished timber floors throughout, you can just move straight in. Offering a spacious lounge area, modern kitchen with adjoining meals that both overlook the rear yard. All bedrooms have BIR's and are serviced by the central bathroom.

Step outside to a huge pitched family BBQ area, lush green lawns, kid's cubby house and multiple shedding for all of dad's toys. There is even a paddock out the back for the family goat!

Don't miss this one, it is presented and priced to fly.
