Sitting on the top side of the street this home has had a recent renovation and offers great views and very comfortable living for the whole family. The house offers open plan living, with a new, modern kitchen, a north-facing living area, a renovated bathroom, and 3 bedrooms on the upper level, downstairs you will find the master bedroom with a huge walk-in robe, a second bathroom, and a roomy utility area which could make an ideal office or parents break out space. There is an undercover entertaining area at the rear of the house, a large garage/workshop under the house and there is rear access to the property. All this in a great location, only a short walk to the local council reserve which offers walking tracks, a dog yard, and a disc golf course, and not far to the local IGA supermarket, so there is plenty to like here with this one. *Harcourts Burnie has no reason to doubt the accuracy of the information in this document which has been sourced from means which are considered reliable, however we cannot guarantee accuracy.
