Viewing by Appointment Only- Please do not attempt to drive to property without consent. High above the Lachlan Valley, this stunning, once in a lifetime property nestles among perching wedgetails and enjoys their panoramic views over the Derwent, Lachlan and Glenfern Valleys. Around 580m above sea level, the open plan, resort style home has been positioned to maximise the stunning views, while retaining privacy and shelter from the westerly wind. Surrounded by native wildlife that emerges from the forests at dusk, you feel totally immersed in the best Tasmania has to offer in this incredible home. Newly built, this modern, well-appointed and stylish, two-bedroom home is comfortable and warm even when snow sometimes settles around you. Designed specifically for the site and complying with all modern requirements, this is the alternative if you are dreaming of building from scratch. Positioned on one of three flat plateaus, the immediate area surrounding the home has plenty of room for any activities and further building you may wish to undertake. Please contact Hayden from Derwent Real Estate for further information or to book a private inspection.
