**\$980 per week**

Set on the ridge at Ocean View this 5 bedroom property has been beautifully designed to take in the gorgeous views from the Glasshouse Mountains to the Ocean and beyond. The house is North facing to take advantage of the beautiful breezes that Ocean View is renowned for. As soon as you enter the home you get a feeling of style and sophistication. The main living area flows out on to a covered verandah, the perfect place to entertain, or to just sit and take in the peace and tranquility while enjoying the views. The home has ducted air conditioning as well as a double sided fireplace giving you comfort whatever the season and whatever the weather. The kitchen has been designed with the budding Chef in mind. It boasts beautiful black granite benchtops, induction cooktop and a self cleaning oven. The kitchen also leads out to a lovely little patio - a perfect breakfast nook. The main bedroom suite has a very spacious walk in robe and ensuite with double vanity and heated towel rails. The bedroom also opens onto a lovely outdoor area. All of the other bedrooms have built in robes and the office features a beautifully constructed cabinet and built in desks. The family bathroom is separated into three unique areas, the first has a large double vanity, the second a separate toilet and the third a huge shower and amazing spa bath. There is also a guest toilet/powder room tucked away near the front entrance. The paddocks are fully fenced and suitable for horses or livestock. There is a 2 bay garage complete with remote controlled doors attached to the house as well as a 2 bay shed at the bottom of the property, ideal for garden equipment or storage space. This property is really something special. If you would like to call it home then please call me to arrange an inspection.
