You will feel right at home with this beautifully presented 3x2 home tucked into the hill enjoying its secluded location at the end of the cul-de-sac. Taking advantage of the northern orientation, the windows allow the light to stream in for your comfort. Open plan living/dining and kitchen area opens out to the covered decking featuring an elevated view over that amazing ornamental pond and surrounding gardens that is a sanctuary for the all the birds, frogs, and people alike. The master bedroom and ensuite also enjoys that same garden vista and is located at the opposite end to the other bedrooms. High ceilings, natural timber floors, reverse cycle air con and a wood fireplace are just some of features of this home. The double undercover carport is lined and leads to a good-sized room that could be put to many different uses. This in turn has a gabled roof to the house giving you that dry entry you need in Denmark. Outside the block is fenced and a generous 4395sqm so plenty of room for all your creativity. All this only 2kms from the café strip. Viewings are strictly by appointment so call me today.
