## NEVER SEEN BEFORE STYLE HOMES ON THE ISLAND

This new style timber home is a brand new concept for the island  
Build to last and at a price everyone can afford

### About the builders

We are an Australian family-run business local to Queensland with a passion for spaces that are designed with practicality and aesthetics in mind. We're also keenly aware of how many people are struggling to find secure housing at the moment. The housing crisis and scarcity of rental properties are even seeing those with secure employment simply unable to find a place to live.

Timber Garden Cabins co-founder Wolfgang saw this as an opportunity to create comfortable homes that meet societal needs. At the same time, this helps property owners monetise their land, gaining a valuable stream of rental income to bring them their own financial security

This home is one of the 1st to be built on the island , featuring 2 bedrooms, 1 bathroom, modern kitchen, large front deck, landscaped, fenced with shed

5 Year Warranty

Australian Building Standard

Sustainable Timber

70mm Thick Timber Profile

High-Quality Timber

Double-Glazed Doors and Windows

3 Internal Doors

6 Windows

This is a show home in one of the best areas of russell island , walking distance to the bowls club, only minutes to local town centre and the ferry terminal , local park next to the water only minutes walk down the road
