Multiple separate living zones spread over the two levels provides for private, family time and space to entertain while the activity room upstairs allows the kids have their own space to make memories of their own. Downstairs is a large, open plan family room, with kitchen, butler's pantry and meals opening to the alfresco area for outdoor entertaining all year round. An office or study conveniently located downstairs, overlooks the front porch. The master suite offers a resort feel complete with huge ensuite, walk in robe, parents retreat and balcony. Allow yourself to imagine the lifestyle you've always wanted; in the home you deserve! The Esplanade design offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences.
