The Robina is a delightful, yet compact home cleverly designed to make maximum use of space on narrow sites. A stylish entry foyer brings you to the open-plan living space containing a functional kitchen and island bench, adjacent dining, and spacious family lounge with easy access to the covered alfresco area. Each of the three bedrooms are positioned to afford you the maximum of privacy, with a bedroom at the front of the home, ideal for guests or as a home-based office. Two more bedrooms are separated by a central main bathroom, with the ensuited master positioned at the rear of the home for privacy. A single garage with laundry space completes the picture. Allow yourself to imagine the lifestyle you've always wanted; in the home you deserve! The Robina offers individually crafted facades that will inspire you by providing a choice of homes that reflect your personal lifestyle and preferences. For optimal site use, this design is best positioned on sites with the north aspect towards the rear & side of the home, providing sustainable and comfortable living conditions throughout the year.
