\$310,000

Situated in the sugarloaf ex- forestry , with a rural shed that has been fitted out for your every need on approx. 5.5 acres. There is stand alone power, a water tank, dam, vegetable gardens and lots of privacy. The shed has been fitted out with a custom wood heater, kitchenette, bathroom and space for storage. This property is definitely worth your inspection.

Disclaimer - The property does have limited development zoning. Current Council zoning does not allow any residential capacity at the moment, but they do approve rural sheds, tree planting, some livestock and growing of vegetables. Call Julie from GBPM to organise your inspection today on 0488963130 or (07)4681 2589.
