Nicholson Park is a newly released subdivision featuring 34 rural – lifestyle allotments over two stages in Nicholson. Stage 2 consists of 14 unique blocks ranging in size from 4000sqm to approximately 4.5 acres, all with beautiful vistas of private gully or sweeping rural views. This environmentally sensitive development is cleverly designed to capture the natural beauty of the landscape retaining the mature stands of redgums and box trees throughout the development and cleverly placed building envelopes designed to enhance the privacy of your dream dwelling. Services to each allotment will include a sealed road access with crossovers, town water connections, NBN connections and underground power. Nicholson Park is located on the Nicholson - Sarsfield Road only 10kms from Bairnsdale in the growing riverside township of Nicholson and is located close to the Nicholson Primary School, Rail Trail walking track & the Nicholson River boat ramp which allows easy access to the magnificent Gippsland Lakes. With construction well underway we anticipate that titles will be registered in early 2023. Don't miss out, large allotments of this size are hard to find. Secure your block now at Nicholson Park. Register your interest now contact King & Heath Bairnsdale, visit kingheath.com.au or attend on site Saturday 5th February between 10am – 2pm.
