Approx 2 acres of land Zoned Farming

- * Approx 2 acres of land Zoned Farming on 3 titles
- * Set up for horses with white electric tape fencing
- * Predominant grass, nice dam and few trees
- * Corner block, power available and all weather road

This property was previously set up nicely for horses and a rural escape. The scattered trees and nice dam provide a picturesque setting in this nice rural town.

Llanely is a quiet town approx 30 minutes from Bendigo. Situated on 10 minutes from the Loddon River, the small township offers the ultimate in peace and quite.

Whether it's a few animals you wish to own, a nice camping escape block or a base site in the middle of Gold Bearing Ground, this property is well worth an inspection
