LAND

Capitalise on this premier setting and limitless scope to create your new home.

This 1,006sqm parcel of vacant land with an elevated cleared and benched site showcasing glorious rainforest backdrop and panoramic views, offers an increasingly rare opportunity to purchase a significant sized block to either landbank for future profit or custom-design and build your lifestyle masterpiece.

The rear of the block is heavily trees creating a wildlife corridor home to native flora and fauna; a veritable nature's playground for you to explore and quietly savor, with the perfect house site at the top of the block and easy access from the road for builders to commence and carry out work.

Whatever you decide to build – you do not have to worry about overcapitalising in the desirable Freshwater postcode. This is such a finite resource - attractive capital gain is assured!

Located within close proximity to the local Restaurants, Doctors, Pharmacy, Post Office, local shops, Barron Valley Hotel, Stratford & Freshwater hub, sporting facilities, Freshwater School Catchment, Cairns Airport & CBD, and local public transport.

Council rates approximately \$1,900 half-yearly.

Realistic vendors wish to sell as their circumstances have changed.
