## **Unique 1,313m2 block near the beach**

Are you looking to invest in a prime beach side location? The right building design/location could give you views of the ocean.

My challenge to you, where can you find a 1,313m2 block in this prestigious location? You have an incredibly rare opportunity to secure this awesome well located vacant block in San Remo and build your beach side dream home when you're ready.

This property would be ideal for a tradesperson with machinery or a large extended family wanting space.

Just a short walk to the beautiful San Remo Beach with Tides Cafe, basketball court, BBQ area and numerous parks and reserves all nearby. Also, the Meadow Springs Shopping Centre and Golf Club are a little over a 1 km drive away. Yes, the location is magic. You also have the option to enjoy a coastal walk that stretches right through to Dolphin Quay.
