NAMED "THE PASTURE" FOR THE RIGHT REASONS!

A lovely elevated parcel of prime pastured land. The block of grazing land is well fenced into predominantly 5 paddocks with a laneway that assists with one person movement of animals. The Hayshed on the rise is ideal and the stockyards are well planned for ease of operation. A large dam and tanks are the water supply and there is a good soul of pasture throughout the block. Ideal for cattle, horses (track around the corner) or possibly growing vegies. On the market to sell!
