ELEVATED DEVELOPMENT OPPORTUNITY

Located privately at the rear of a recently renovated family home with separate granny flat is this generous parcel of land awaiting construction of a residential home. Development options include a single storey or two-storey residence as well as a separate granny flat (STCA).

The elevated nature of the block allows for straightforward civil works, including natural fall for ease of drainage. Established trees are a feature of the block, however the land has been sufficiently cleared and leveled for suitable construction options.
