Prime Development with Amazing City Views

Don't miss the opportunity to view this choice small sub-division. In a fabulous location on the elevated periphery of the inner northern ridges of the City of Lismore, you can take advantage of views of the night lights of the city, or the rural views to the mountains beyond. Arcing around and over the city it has north, south and east-facing views, and all plots will enjoy fabulous sunsets over the 'Lismore Basin'.

Asking a reasonable \$650,000 for the entire block of just under 2 ½ acres, you can value add by dividing this parcel into 4 large prime building blocks.
