Set at the north end of town is this block of Residential land. With a frontage of 20.5m and a depth of 53m this block has water connected, power and phone out the front and sewerage very close by. Many years ago there was an old house on the block which had to be pulled down. The old garage is basic but has a concrete floor and the block has rear lane access. The property does slope from left to right which helps with drainage. Yarriambiack Council rates are approx \$294 pa.
