This beachfront, level and fenced vacant 583sqm lot overlooks the beach reserve, walkways and ocean sunsets. Moonlit ocean vistas are a common occurrence to behold. Luxury homes surround the neighbourhood and this enviable lifestyle opportunity is a rarity to secure as vacant lots diminish in the master planned Seascapes subdivision. Build the home of your dreams on this PRIME, cleared and well-proportioned vacant lot. Very few lots have not been developed as of yet. The lot is build ready, with low site costs. The area has a great amenity with lots of parks, school, shopping and walkable beach paths to discover on the long, Halls Head peninsula. Mandurah and Halls Head offers all of the convenience of a modern suburban hub, yet you can be far enough away from the hustle and bustle to deserve a relatively laid back care free lifestyle opportunity. Secure your future beachfront abode - these lots are becoming as rare as hens teeth!
