ALKIRA ALERT!!

Yes here is your dream block on Macleay Island, 617m² of island residential land.

Situated towards the northern end on the island on its eastern side and high on a hill, the block has views above the properties below across the bay to Straddie.

It is almost completely cleared, faces towards the east and slopes down from the rear to the street.

It is around 150 metres from a council park on the water's edge and about a kilometre to Pat's Park and its enclosed swimming area and bbqs, with the bowls club a similar distance to the south with its great bistro and water views.

The island really does boast all you need for a great lifestyle so come across and have a look. We are sure you'll be impressed.

Call Cassandra on 0408 197 313 today to arrange your inspection.
